

Every Hyla experience builds roots that nourish strong branches for a lifetime of learning and engagement. **THE ANNUAL FUND SUPPORTS IT ALL.** Take a look at what your generosity makes happen in the lives of Hyla students and for our school.

The ability to extend our mission to high schoolers who deserve the same personalized approach to education

The practice of active citizenship

Steady teacher salary increases—27% increase in 5 years

Strategies for future community engagement

Successful strategic initiatives like the middle school campus renovation, new programs like Global Ed and HyLab in middle school, and increased tuition assistance (up 209% per receiving student in the last 5 years)

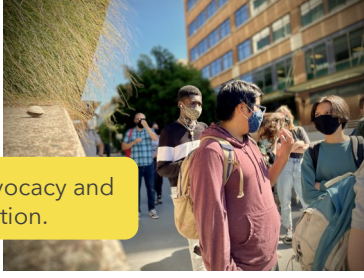

Proficiency with collaborative decision making to reach an intentional goal

Confidence to respond to social dynamics in the moment as they unfold

The ability to fund critical need during the pandemic, like tents and technologies

The habits of self-advocacy and internal motivation.

Intellectual courage shaped by personal experience

A spirit of fun and joy that fuels the heart

A roadmap for whole-hearted living

A model for how to move through the world

Courage to stand with others

Knowledge integration for real-world application

The instinct to create space for one's own wellbeing

The leadership ability to recognize and appreciate the contributions and attributes of others

Building connections through fun and silliness on field trips, during retreats, ping pong, etc.

The 5 rules of Council in Human Relations

Creative choice in the 8th grade art installation

Healthy Annual Fund based on community generosity

Diverse learning experiences like high school electives with community partners

Taking an intentional pause in high school advisory to look at the role of cell phones in our lives

Steady and principled leadership from trustees

Human Relations activities

Personal choice in high school literary analysis

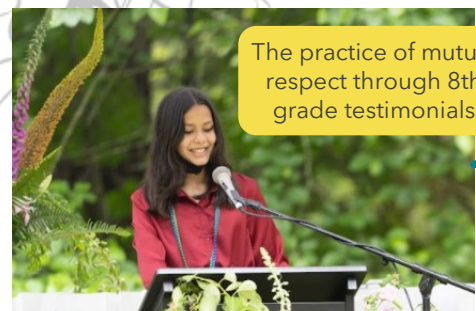

Personalized math learning that goes at each student's individual pace

A mission built on integrity and purpose (29 years strong)

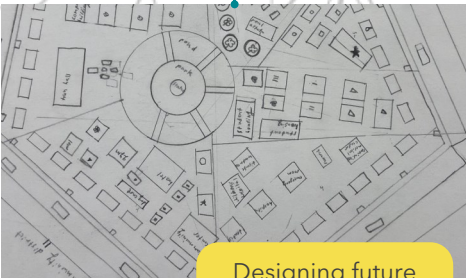

Verifying sources for validity in high school US history

The practice of mutual respect through 8th grade testimonials

Strong tradition of giving and generosity from parents, faculty, trustees, grandparents and alumni

Designing future cities that prioritize human health in HyLab

Community and common purpose in Clean Crew, Mini-Term, and high school clubs

Brave participation when the outcome is unknown, like Improv (described by one student as Human Relations boot camp)
